

Direct Pay Payment System

About Direct Pay

Direct Pay is a new web-based system available on IRS.gov that allows you to pay tax bills and estimated tax payments directly from your bank account without any fees or pre-registration. With this feature, the taxpayer receives instant confirmation that the payment was submitted, and the system is available 24 hours and 7 days a week. Direct Pay also offers 30-day advance payment scheduling, payment rescheduling or cancellations, and a payment status search.
